## HUMBOLDT COUNTY CONFIRMS 49<sup>th</sup> COVID-19 DEATH

WINNEMUCCA, Nev.— Humboldt County has confirmed its 49th death from COVID-19.

Humboldt County Health Officer Charles Stringham, MD, said the woman, who was in her 80s, died while hospitalized after becoming severely ill. She was one of Humboldt County's previously confirmed cases.

"We are saddened to report the death of our 49th local resident from COVID-19," said Dr. Stringham.

"While this virus can be mild for many, for others, it does result in death—a painful reminder of the very great toll we have experienced as a world, a nation, a state and a county."

Dr. Stringham added, "We extend our wishes for hope and healing to the friends and family of the deceased; we hope they find peace in the weeks and months to come."

Dr. Stringham continues to urge all eligible residents to get fully vaccinated with the two-dose Moderna or Pfizer vaccines, and to receive a booster vaccine.
